You snap your shield in place to ward off a blow. Your shield prevents you from taking an amount of damage up to the shield's Hardness. You and the shield each take any remaining damage, possibly breaking or destroying the shield.**Defy Sorrow** ➡ **Prerequisites** Spirit Invoker Dedication **Trigger** You're dealt mental damage or spirit damage or you fail or critically fail a saving throw against a mental effect. You draw on this spiritual pain to push your body to greater heights. You gain the quickened condition until the end of your next turn. You can use the extra action only to Step or Stride.**Whispers of Warning** ➡ **Frequency** once per 10 minutes **Trigger** You would be hit, but not critically hit, by an attack. Your protective apparitions alert you to an incoming attack. The attacker must roll its attack roll a second time and take the lower result.**Anchor Spear** ➡ **Activate** command; **Frequency** once per 10 minutes; **Trigger** You damage a creature using the *anchor spear*; **Effect** The spear embeds itself into the creature, and the spear's haft splits along the silver lines to become a series of hooks attached to a thin but strong cable. As long as the *anchor spear* remains embedded in the creature, any time the creature burrows or climbs, it treats normal terrain as difficult terrain and difficult terrain as greater difficult terrain. The creature can spend an Interact action to attempt a DC 32 Athletics check to remove the spearhead. **Critical Success** The *anchor spear* is removed, becomes broken, and falls to the ground in the creature's space. **Success** The *anchor spear* is removed, the creature takes 1d8 piercing damage, and the spear falls to the ground in a random space adjacent to the creature. **Failure** The *anchor spear* remains in place, and the creature takes 1d8 piercing damage. **Critical Failure** As failure, except the creature takes 2d8 piercing damage.**Speed** 25 feet**Melee** +3 Striking (Major) Anchoring (Greater) Bane Speed Silver (High-Grade) Battle Axe +32 (Sweep, Uncommon, Abjuration, Magical, Uncommon, Divination, Magical, Rare, Magical, Transmutation), **Damage** 4d8+7 S**Melee** +3 Striking (Major) Speed Returning Thundering (Greater) Anchor Spear +32 (Thrown 20 ft., Uncommon, Magical, Transmutation, Rare, Magical, Transmutation, Magical, Magical, Sonic), **Damage** 4d6+7 P +1d6 Sonic**Build the First Walls** ➡➡➡ (Concentrate, Earth, Jotunborn, Manipulate, Occult) **Frequency** once per day The powers of creation that run through you allow you to conjure a temporary wall. You create a wall of dirt with the effects of wall of stone with the following exceptions. The wall can be up to 60 feet long and 10 feet high and

must stand vertically, preventing you from building other structures with it. Each 10-foot-by- 10-foot section of the wall has AC 10, Hardness 10, and 20 Hit Points. The wall remains for 1 hour or until Dismissed.

Grudge Strike ♦♦ (Animist, Apparition, Divine, Wandering) **Requirements** Your attuned apparition grants Heraldry Lore or Underworld Lore as an apparition skill. You channel the spiritual power of spiteful grudges. Make a melee Strike against a creature within your reach. You gain a +2 circumstance bonus to your attack roll and deal an additional 2d6 void damage to the target; if the target is undead or otherwise has void healing, this Strike instead deals an additional 2d6 vitality damage. This ability gains the vitality trait if it deals vitality damage, or the void trait if it deals void damage.

Apparition's Enhancement ♦ (Animist, Apparition, Divine, Spirit) **Frequency** once per turn **Requirements** Your most recent action was to cast a non cantrip spell. Spiritual power encases your weapon or unarmed attack. Until the end of your turn, one wielded weapon or unarmed attack you have deals an extra 1d6 spirit damage and gains the divine trait, if it didn't have it already.

Grasping Spirits Spell ♦ (Animist, Apparition, Concentrate, Spellshape) **Frequency** once per 10 minutes Gaining substance from your magic, your apparitions increase the range of your spells, which then pull your enemy closer. If the next action you use is to Cast a Spell that has a range and targets one creature, increase that spell's range by 30 feet. As is standard for increasing spell ranges, if the spell normally has a range of touch, you extend its range to 30 feet. In addition to the normal effects of the spell, your apparitions briefly take on semi-physical forms and attempt to drag the target toward you. The target must attempt a Fortitude saving throw against your spell DC; on a failure, it is pulled up to 30 feet directly toward you.

One With the Spirits ♦ **Prerequisites** Spirit Invoker Dedication **Frequency** once per hour **Requirements** You're under the effects of Enter Spirit Trance. The spirits you've invoked throughout your life have left behind echoes and spiritual fragments, which you can manifest across your own flesh, temporarily transforming you into something more akin to spirit than mortal. For 1 minute, you gain fast healing 5 and you become concealed. You can't use this concealment to Hide. Your Strikes gain the benefits of a ghost touch property rune. Whenever you deal damage with a Strike, you can choose to have that Strike deal spirit damage, rather than its usual damage type. If you would be knocked unconscious or your dying value would increase while One with the Spirits is active, the spirits revive you at the beginning of your next turn, restoring you to 30 Hit Points. One with the Spirits then immediately ends.

Barreling Charge ♦♦ (Flourish) **Prerequisites** trained in Athletics You rush forward, moving enemies aside to reach your foe. You Stride, attempting to move through your enemies' spaces. Roll an Athletics check and compare the result to the Fortitude DC of each creature whose space you attempt to move through during your Stride, moving through its space on a success but ending your movement before entering its space on a failure. You can then Strike, regardless of how your Stride ended. You can use Barreling Charge to Burrow, Climb, Fly, or Swim instead of Stride if you have the corresponding movement type.

Invoke Movement ♦ (Morph) **Prerequisites** Spirit Invoker Dedication **Requirements** You're under the effects of Enter Spirit Trance. You manifest a form of locomotion of the spirits all around, such as the wings of an animal spirit or the watery flow of a nature spirit. Choose a movement type: burrow, climb, fly, or swim. You gain a Speed in the chosen movement type equal to your base Speed (or half your Speed if you selected burrow) for the duration of your spirit trance. If you use Invoke Movement again, you can choose a different movement type, but you lose the previous form of movement.

Invoke Offense ♦ (Morph, Spirit) **Prerequisites** Spirit Invoker Dedication **Requirements** You're under the effects of Enter Spirit Trance. You manifest a physical attack of the spirits all around you, such as the claw of an animal spirit or the whipping vine of a nature spirit. You gain an unarmed attack that deals 1d8 spirit damage for the duration of your spirit trance. This unarmed attack is in the brawling weapon group and has the agile, finesse, and magical traits. At 5th level, this unarmed attack gains the benefits of a striking rune. At 12th level, this unarmed attack gains the benefits of a greater striking rune. At 20th level, this unarmed attack gains the benefits of a

major striking rune.

Fly on Shadowed Wings ♦♦ (Animist, Apparition) **Frequency** once per hour Your apparition embraces you, feeding on your magic to become a pair of protective wings. Choose one of your attuned apparitions; for 10 minutes, you gain a fly Speed equal to your land Speed and resistance to precision damage equal to your level, but your chosen apparition is dispersed for the duration, automatically re-attuning to you after 10 minutes.

Invoke Defense ♦ (Morph) **Prerequisites** Spirit Invoker Dedication **Requirements** You're under the effects of Enter Spirit Trance. You manifest a defensive quality of spirits all around, such as the thick hide of an animal spirit or the sturdy bark of a nature spirit. Choose bludgeoning, piercing, or slashing. You gain resistance equal to half your level to that damage type for the duration of your spirit trance. If you use Invoke Defense again, you can choose a different type of damage, but you lose the previous resistance.

Banish Falsehoods of Flesh ♦ (Animist, Concentrate, Divine) Your ability to manipulate supernatural energy allows you to deploy divine magic directly against a disguised enemy to reveal them as they truly are, or to cleanse an ally from an unwilling transformation. Attempt a Religion check to counteract a polymorph effect currently affecting a creature within 30 feet of you that you are aware of. The target is then temporarily immune to Banish Falsehoods of Flesh for 1 day.

Spiritual Spellshape Stance ♦ (Animist, Apparition, Divine, Stance, Wandering) You feed excess magical power into your apparition, allowing it to grow ethereal limbs it can use to help shape and focus your spells. Once per turn while in this stance, you can use a spellshape feat that normally requires one action as a free action instead, but only to affect spells that deal spirit, vitality, or void damage. This doesn't allow you to avoid or bypass any other restrictions or limitations normally associated with the spellshape feat.

Spirit's Sacrifice ♦ (Animist, Apparition) **Trigger** You would die. Your attuned apparition gathers all of the energy it can through your shared bond and uses that power to disperse itself while Introduction channeling the energy back into you, saving your life. You can use Spirit's Sacrifice even while unconscious or otherwise unable to act. Choose one apparition you have attuned; you do not die, your wounded condition is reduced to 1 if it would be higher, and you regain a number of Hit Points equal to twice your level. The chosen apparition is dispersed until you can re-attune to it at your next daily preparations.

Enter Spirit Trance ♦ (Concentrate, Divine, Mental) You enter a self-imposed trance that helps you push the physical limits of your body. You gain a number of temporary Hit Points equal to your level plus your Constitution modifier. The trance lasts for 1 minute, until you fall unconscious, or until you Dismiss it, whichever comes first. While in this trance, you gain a +1 status bonus to Fortitude and Will saving throws and your melee Strikes deal 1 additional spirit damage. Other abilities may require you to be in a spirit trance. When the trace ends, you lose any remaining temporary Hit Points from Enter Spirit Trance, and you can't Enter a Spirit Trance for 1 minute.

Anchor Spear ♦ (Uncommon, Magical, Transmutation) **Activate** command; **Effect** The *anchor spear* extends into a +2 *greater striking longspear* or back to its original form as a +2 *greater striking spear*.

Rebounding Breastplate ♦ (Evocation, Forceful, Magical) **Activate** Interact; **Requirements** Your armor has absorbed at least 30 damage; **Effect** The absorbed energy explodes from your armor in a pulse of force. Creatures in a 30-foot emanation take 10d6 force damage with a DC 43 basic Fortitude save. On a failure, they're pushed 10 feet away from you, and on a critical failure, they're pushed 20 feet away from you and fall prone. The armor's absorbed damage resets to 0.

Sage's Lash ♦♦ (Apex, Invested, Magical, Necromancy) **Activate** command, Interact; **Effect** You touch one of the jewels affixed to the sage's lash and speak a command word. Depending on the jewel, a different effect is produced that affects you and all living creatures in a 30-foot emanation. After the effect occurs, all four jewels disappear from the lash, reappearing at the next dawn. **Jade** (healing, positive) Speak "purity" to produce a wave of green light that ends any sickened condition and any ongoing poison damage affecting creatures in the emanation.; **Turquoise** Speak "clarity" to grant all affected a +2 status bonus to their next Will save for 1 minute.; **Quartz** (healing, positive) Speak "lenity" to have each creature regain 30 Hit Points.; **Amethyst** (divination, light,

revelation) Speak "verity" to emit a magical trail of light from the lash that reveals the location of each creature in the emanation. For 1 round, if they would be invisible, they become concealed instead, and if they would be undetected or unnoticed by a creature, they're hidden instead. A creature can attempt a DC 43 Stealth check to avoid the lash's detection.;

Energy Robe (Cold)  (Uncommon, Invested, Magical, Transmutation) **Activate** command, Interact; **Frequency** once per day; **Effect** You speak a command word, and the embroidered threads in the robe glow vividly. The benefit you receive from the *energy robe* depends on its type.
