Sudden Charge ♦♦ (Flourish) With a quick sprint, you dash up to your foe and swing. Stride twice. If you end your movement within melee reach of at least one enemy, you can make a melee Strike against that enemy. You can use Sudden Charge while Burrowing, Climbing, Flying, or Swimming instead of Striding if you have the corresponding movement type.

Swipe ♦♦ (Flourish) You make a wide, arcing swing. Make a single melee Strike and compare the attack roll result to the ACs of up to two enemies, each of whom must be within your melee reach and adjacent to the other. Roll damage only once and apply it to each creature you hit. A Swipe counts as two attacks for your multiple attack penalty. If you're using a weapon with the sweep trait, its modifier applies to all your Swipe attacks.

Friendly Toss ♦♦ (Manipulate, Rage) **Requirements** You are adjacent to an ally and have one or more hands free. You toss your friends around the battlefield. Pick up an adjacent ally of your size or smaller and throw them to an unoccupied space you can see within 30 feet. Their movement doesn't trigger reactions. Your ally ends this movement on their feet and doesn't take damage from the fall. If your ally ends this movement within melee reach of at least one enemy, they can use their reaction to make a melee Strike against such an enemy.

Intimidating Strike ♦♦ (Emotion, Fear, Mental) Your blow not only wounds creatures but also shatters their

confidence. Make a melee Strike. If you hit and deal damage, the target is frightened 1, or frightened 2 on a critical hit.

Silencing Strike ♦ (Incapacitation, Rage) A quick strike to the face or mouth silences your opponent. Make a melee Strike against an enemy. If it hits, the enemy must succeed at a Fortitude save against your class DC. **Success** The target is unaffected. **Failure** The target is dazed and can barely vocalize. It's stunned 1 and its speech is raspy and hard to understand. It must succeed at a DC 11 flat check to use linguistic actions or Cast a Spell, unless the spell has the subtle trait. **Critical Failure** As failure, but the creature is stunned 3 instead of stunned 1.

Dread Marshal Stance ♦ (Stance) **Prerequisites** Marshal Dedication, trained in Intimidation Putting on a grim face for the battle ahead, you encourage your allies to strike fear into their foes with vicious attacks. When you use this action, attempt an Intimidation check. The DC is usually an easy DC of your level, but the GM can assign a different DC based on the circumstances. The effect depends on the result of your check. **Success** Your marshal's aura grants you and your allies in the aura a +1 status bonus to damage rolls. When you or an ally in the aura critically hit an enemy with a Strike, that enemy is frightened 1. If you're wielding a weapon that has more than one damage die (typically due to a striking rune), you can have the status bonus equal the weapon's number of damage dice instead of +1. **Failure** You fail to enter the stance. **Critical Failure** You fail to enter the stance and can't take this action again for 1 minute.

Rallying Charge ♦♦ (Visual) **Prerequisites** Marshal Dedication Your fearless charge into battle reinvigorates your allies to carry on the fight. You Stride up to your Speed and make a melee Strike. If your Strike hits and damages an enemy, each ally within 60 feet who saw you hit gains temporary Hit Points equal to your Charisma modifier. These temporary Hit Points last until the start of your next turn.

Exacting Strike ♦ (Press) You make a controlled follow-up attack, fully accounting for your momentum. Make a Strike. The Strike gains the following failure

effect. **Failure** This attack doesn't count toward your multiple attack penalty.

Rage ♦ (Barbarian, Concentrate, Emotion, Mental) **Requirements** You aren't fatigued or raging. You tap into your inner fury and begin raging. You gain a number of temporary Hit Points equal to your level plus your Constitution modifier. While you are raging: You deal 2 additional damage on melee Strikes. This additional damage is halved if your weapon or unarmed attack is agile. You can't use actions with the concentrate trait unless they also have the rage trait. You can Seek while raging. Rage lasts for 1 minute, until you fall unconscious, or until the encounter ends, whichever comes first. You can't voluntarily stop raging. When you stop raging, you lose any remaining temporary Hit Points from Rage, and can't gain temporary Hit Points from using the Rage action again for 1 minute.

Quick-Tempered ◇ (Barbarian) **Trigger** You roll initiative. **Requirements** You are not encumbered or wearing heavy armor. So long as you are able to move freely, your fury is instinctive and instantaneous. You Rage.

Bracelets of Dashing ♦ (Invested, Magical, Transmutation) **Activate** command; **Frequency** once per day; **Effect** You gain a +10-foot status bonus to Speed for 1 minute.

Ring of the Ram ♦ (Evocation, Force, Invested, Magical) **Activate** or more (Interact); **Frequency** once per minute; **Effect** A ram-shaped blast of force slams into one foe that you can see within 60 feet. The number of actions you spend to Activate this Item (from 1 to 3) determines the intensity of the force. The blow deals 2d6 force damage per action spent and pushes the target 5 feet per action spent. The target must attempt a DC 22 Fortitude save. **Critical Success** The target is unaffected. **Success** The target takes half damage and is pushed half the distance. **Failure** The target takes full damage and is pushed the full distance. **Critical Failure** The target takes double damage and is pushed twice the distance.
