> 鏡一刀流 Kagami Ittou Ryu, *School of the Sublime Way*

— as taught in Gokumon Academy by grandmaster Shirokuma Toshizou and restructured by assistant master Kashiwa O-Shizu

Leading the Charge ("Souchou-no-kiari"): *Shizu gives voice to a bolstering battle call as she or her companions charge the enemy.* All allies (including herself) who can hear her and make a charge attack in the area gain a +17 bonus on damage rolls.

Blood in the Water ("Tora-no-kagai"): *Every devastating hit she delivers adds to Shizu's fighting momentum.* When she scores a critical hit, she gains a +1 stacking untyped bonus to attack and damage rolls that lasts as long as 1 minute after the last critical hit or until the stance is ended.

Step of the Wind (advanced footwork): *Shizu walks across uneven terrain with deceptive ease while her opponents struggle.* She ignores penalties to speed, movement, or skill checks associated with movement incurred by moving through difficult terrain. If she attacks an opponent standing on difficult terrain while in this stance, and it takes a movement penalty for moving through difficult terrain, she gains a +2 bonus on attack rolls and a +4 bonus on Strength or Dexterity checks made as part of a bull rush or trip against it.

Flame's Blessing (advanced ninjutsu): *Shizu has been tempered by fire and death enough.* She gains immunity to fire damage.

Pearl of Black Doubt ("Moku-no-kamae"): *Shizu grips her weapon close to her cheek and her eyes glare vigilantly.* Each time an opponent misses her with a melee attack, she gains a +2 dodge bonus to her AC. This bonus lasts until the start of her next turn and is cumulative for the entirety of the round.

Leaping Dragon Stance ("Ryuu-no-hiyaku"): *Shizu can spring from the ground with an unmatched burst of speed and strength.* She gains a +10-foot enhancement bonus on Jump checks, and any jumps she makes while in this stance are considered running jumps.

Hearing the Air ("Taka-no-keikaishin"): *Shizu does not need to see to sense another's presence.* She gains blindsense out to 30 ft. and a +5 insight bonus on Listen checks.

Mind over Body / Moment of Perfect Mind ("Fudoushin"): *Let your mind be still, your heart unmoving.* Shizu can make a Concentration check as an immediate action any time she would be required to make a Fortitude / Will save and use the check result to determine the save's success. A result of a natural 1 is not an automatic failure.

Sudden Leap (advanced footwork): *Shizu leaps to a new position in the blink of an eye, leaving her opponents baffled.* She makes a Jump check as a swift action and moves the distance determined by her check result. As with any movement, she can attempt a Tumble check to avoid any attacks she provoke with this sudden leap.

Counter Charge (advanced aikijutsu): *With a quick sidestep, Shizu can send a charging opponent sprawling.* Before a creature makes a charge attack against her, as an immediate action she makes her choice of an opposed Strength or Dexterity check against it (the target makes its check using the same ability she chooses). If she is of a larger size category than the attacking creature, you can use her superior bulk to redirect her foe and gain a +4 bonus on her Strength check. If she is of a smaller size category, she use leverage and misdirection to gain a +4 bonus on her Dexterity check. If she

succeed on the Strength or Dexterity check, the creature does not get to attack her, and she can then move it up to 2 squares in a direction of her choice away from her. If she fails the Strength or Dexterity check, the creature gains an extra +2 bonus on its charge attack.

Wall of Blades ("Sen-no-sen"): *Shizu's experience and intuition lets her sense where her opponent will strike even before he does.* As an immediate action, she can oppose an attack against her by making an attack roll with any melee weapon. She uses the higher of her AC or her attack roll as her effective AC against the incoming attack.

Iron Heart Surge ("Shijuu-hanko"): *Shizu's fighting spirit, dedication, and training allows her to overcome almost anything to defeat her enemies.* Any time she is blinded, confused, dazzled, deafened, energy drained, entangled, exhausted, fatigued, flat-footed, frightened, immobilized, knocked down, nauseated, on fire, prone, shaken, sickened, slowed, staggered, or turned, she ends a single condition among those as a move action and she gains a +2 morale bonus to attack rolls until the end of her next round.

White Raven Tactics ("Fukuchou-no-senjutsu"): *Shizu's knowledge of tactics enables her to indicate windows of opportunity to her allies and guide them into seizing the initiative.* As a swift action, she designates one ally within 10 ft. of her to have his initiative count change to hers (minus 5)^{HR}.

Disrupting Blow ("Youtsuizuki"): *Shizu stabs at spots that stagger the toughest bullies.* If her strike connects, her target takes normal melee damage and must make a Will save or be unable to take any actions for 1 round. The target can still make attacks of opportunity but is unable to take immediate actions until his next turn.

Mirrored Pursuit (advanced footwork): *Shizu's ability to move in tandem with a foe allows her to remain within arm's reach at all times.* When an opponent adjacent to her moves, she can move to any square adjacent to it as soon as it stops moving as an immediate action, given that the distance covered is less than or equal to her speed. This movement does not provoke attacks of opportunity.

Shadow Stride (advanced ninjutsu): *Shizu spins abruptly and disappears in a cloud of dust, only to reappear elsewhere on the battlefield.* As a move action, she teleports up to 50 ft. away. She must have line of sight and line of effect to her destination.

Greater Insightful Strike ("Youhirazuki"): *Shizu draws her weapon back and snaps it forth into a thrust or short slash using one arm. With a katana this may take the form of a quick draw (iaijutsu).* She makes a single attack; if it succeeds, she makes a Concentration check and deals damage equal to 1 plus twice the check result.

Pouncing Charge ("Tora-no-kyuushuu"): *Shizu dashes into the fray, hacking rapidly at her foes upon impact.* As part of this full-round action manuevre, she makes a charge and full-attacks at its end. The charge bonus applies to all her attack rolls.

Iron Heart Endurance ("Shijuu-jikyuu"): *Shizu can push aside her injuries to fight on past mortal limits.* As a swift action, if she has half or fewer of her full total hitpoints, she heals 36 points of damage.

Ballista Throw (advanced juujutsu): *In one powerful spinning motion, Shizu grabs her opponent and sends it flying across the battlefield.* If she succeeds in a melee touch attack against an opponent, she can then make a trip attempt (+16) against it. If she succeeds, she throws it in a 60-foot line. The target and all creatures in this line take 6d6 points of damage; the thrown creature lands prone at the end of this

line in an empty space (if the space at the end of the line is occupied, the target falls prone in the open space closest to it).

Swooping Dragon Strike ("Ryuu-no-kyuukouka"): *Shizu soars high over her opponent and descends with a heavy downward chop.* She makes a Jump check to move through her opponent's space and over it. If she fails, she provokes attacks of opportunity for the distance she jumps if applicable, and makes a single regular attack (if her jump was too short to clear her opponent but far enough that she would land in a space it occupies, she lands adjacent to her opponent in the square closest to her starting square). If the check succeeds, she does not provoke attacks of opportunity for leaving threatened squares during her jump, her target loses its Dexterity bonus to AC against her melee attack, this attack deals an extra 10d6 points of damage, and the target must succeed on a Fortitude save (DC equal to her Jump check result) or be stunned for 1 round.

Adamantine Hurricane ("Shijuu-arashi"): *Shizu sweeps her weapon in flashing circles around her, striking out at nearby foes.* She attacks every opponent adjacent to her that she threatens, twice at her highest attack bonus +4 and resolves each attack separately.

Diamond Nightmare Blade ("Yuuhirauchi"): *Shizu puts all her might behind a fearsome slash into an opening in her opponent's guard.* She makes a Concentration check as part of this maneuver, the DC equal to the opponent's AC. She then makes a single melee attack. If her Concentration check succeeds, this attack deals four times her normal melee damage (five times if it crits); if the check fails, it is made with a -2 penalty and deals regular damage.

Time Stands Still ("Taira Ikaru"): *In an unmatched burst of speed, agility, and decisive action, Shizu lashes out with her blade quicker than the eye can follow.* As part of this full-round action manoeuvre, she makes a full attack twice in succession.

> Band of Blood and Brimstone — Spirit Companion

Transference I: Once per day, anyone on the team can claim all or part of a +4 morale bonus on his or her next saving throw. Once fully claimed, the bonus is unavailable to the rest of the team.

Transference II: As a move action, you can voluntarily accept a -2 penalty on your next attack roll to give another team member a +2 circumstance bonus on the next attack roll against the same enemy. Your ally doesn't get the bonus until you actually make the attack.

Transference III: Once per day as a move action, each team member can voluntarily take 10 points of damage to give another team member 10 temporary hit points, which last for up to 10 minutes.

Transference IV: Once per day as an immediate action, each team member can grant his save bonus to another team member. You effectively attempt the saving throw on behalf of your comrade, lending them your ability through the companion spirit.

Transference V: Once per day, you can target one team member with a spell and have it take effect on another team member. The magic is transferred through the companion spirit to the true target, and also affects the team member you actually touch. You can't use the companion spirit to transfer spells with a target entry of personal.

Tower I: If you take a full attack action this round, you can voluntarily reduce your attack rolls by up to -5 and add the same number to a bonus pool. Any other team member can use a free action to take 1 point from the bonus pool to gain a +1 insight bonus to their AC for 1 round. Unused points evaporate at the beginning of your next turn.

Tower II (IV): As an immediate action right before you attempt a saving throw, you can ask fellow team members to aid you. The companion spirit transfers fateful energy between you and your comrades, so that you gain a +2 insight bonus on that saving throw for every team member who agrees to the exchange. Team members who agree to the exchange take a -2 penalty on all saving throws for 1 round.

Tower III: The companion spirit grants DR 10/adamantine. Any team member can activate or deactivate this *stoneskin* effect (CL = HD of lowest-level team member) with a move action, but the total duration on a teamwide basis is limited to 2 rounds per member.

Tower V: The companion spirit grants SR = HD of the lowest-level team member + 12. Any team member can activate or deactivate the spell resistance with a move action, but the total duration on a teamwide basis is limited to 2 rounds per team member. Team members ignore this spell resistance when casting spells on each other.

Shijisha's Dancing Lights: This functions identically to the dancing lights cantrip, except it only produces 3 glowing pale blue lanterns of light, while the blade itself glows instead of a fourth light.

Choose Destiny: Thrice per day, Shizu can gain advantage on attacks, skill and ability checks, and saves for 25 rounds as a swift action.

> Items

Casting Glove: This glove functions as a glove of storing. Once per round, the wearer may activate or consume a magic item stored within as if it was held in the same hand.

Field Provisions Box: Once per day, this box produces a full day's sustenance (food and drink) for 3 humans or 1 horse. This is a modification of the original item which produces 5 times as much.

Handy Haversack: This backpack has two side pouches that function as bags of holding and can each store up to 2 cubic ft. of volume or 20 lb. of weight. The central portion of the pack can contain up to 8 cubic ft. or 80 lb. It always weighs 5 lb. Retrieving any item from it is a move action that does not provoke attacks of opportunity.

Sending Stones: Once per day, the bearer of each of these two stones can send a message (as the *sending* spell) to the bearer of the other stone. If a stone's mate is not in a creature's possession, no message is sent and the sender knows the communication has failed.

Spool of Endless Rope: This item can produce up to a maximum of 500 ft. of fine silk rope at any one time. Feeding out or rewinding the rope requires 1 full round action per 50 ft. of rope. The rope can't be entirely separated from the spool, though it can be cut or broken. Any portion of rope cut away from the spool disappears instantly.

Tome of Worldly Memory: Thrice per day, by studying the book for 1 minute, one can gain a +5 competence bonus on a single Knowledge check. With 5 ranks in the specific skill, this takes a standard action.

> Special

Weapon Aptitude (Ex): Each morning, Shizu can spend 1 hour in weapon practice to change the designated weapon for any feat she has that applies only to a single weapon or weapon group (she must have the weapon available during her practice session to make this change).

Combat Expertise (Ex): When Shizu attacks in melee, she can take a penalty of as much as 5 on her atk roll and add the same plus 1 (Tumble synergy)^{HR} as a dodge bonus to her AC until her next turn.

Improved Uncanny Dodge (Ex): Shizu retains her Dexterity bonus to AC when caught flat-footed or struck by an invisible attacker. Shizu also cannot be flanked, except by a Rogue of at least 19th level.

Unnerving Calm (Ex): Immediately before initiative is rolled, Shizu can instigate a duel of wills by selecting a single enemy within 30ft. she is aware of; they must be able to see one another. Her opponent can: *Submit* and take a -2 penalty on its initiative and a -1 penalty on attack rolls against Shizu on the first round of combat.

Ignore and Shizu gains a +2 morale bonus on attack rolls against her

opponent on the first round of combat

Participate and both it and Shizu make an Intimidate and Concentration (+39) check respectively. The winner gains a +1 morale bonus on atk and dmg rolls against the loser, and the loser a -1 morale penalty on attack and damage rolls against the winner, throughout the encounter. If it is a tie, neither gains any benefit.

Vital Recovery (Ex): Once per encounter, when Shizu recovers one or more maneuvers, she heals for 22 hp.

Knowledge Devotion (Ex): Shizu may always treat Knowledge (nature) as a class skill. Also, whenever Shizu fights a creature, she can make a Knowledge check as proper for its type, and receive an insight bonus to attack and damage rolls for the remainder of the combat equal to +1 (DC 1), +2 (DC 16), +3 (DC 26), +4 (DC 31), +5 (DC 36). She makes one Knowledge check per creature type per combat.

Protection Devotion (Sp): Once per day as an immediate action, Shizu can exude a protective aura for 1 minute that grants a +7 sacred bonus to AC to every ally within 30ft. She gains one additional daily use of this ability for each three turn undead attempts she expends.

True Believer (Su): Once per day when Shizu rolls a saving throw, she may add a +2 insight bonus on the save.

Adaptive Style (Ex): Shizu can change all her readied maneuvers at any time by taking a full-round action.

Improved Trip (Ex): Shizu knows her juujutsu. She does not provoke an attack of opportunity when she trips, and she gains a +4 bonus on her Strength check. Also, if she successfully trips an opponent in combat, she immediately gets a melee attack against it.

Knight Protector of the Vigilant Guard (Ex): Shizu gains +2 on Spot checks, +1 on Will saves, and may ready a shield or set a polearm against charge as a free rather than a move action.

> Skill Tricks

Acrobatic Backstab: Once per encounter, if Shizu succeeds on a Tumble check to move through an enemy's space, she can treat that enemy as flat-footed vs the next melee attack she makes against it on her current turn.

Back on your Feet: Once per encounter (or per minute when off combat) if Shizu falls prone for any reason, she can stand up as an immediate action without provoking attacks of opportunity.

Collector of Stories: Once per encounter (or per minute when off combat) Shizu gains a +5 competence bonus on a Knowledge check to identify a creature and learn its special powers or vulnerabilities.

Twisted Charge: Once per encounter, Shizu can make one turn of up to 90 degrees during her charge movement.
